

Project 3: SQL Project

Juan Sebastian Pinzon Gamez

January, 2019

Number of tracks by Genre

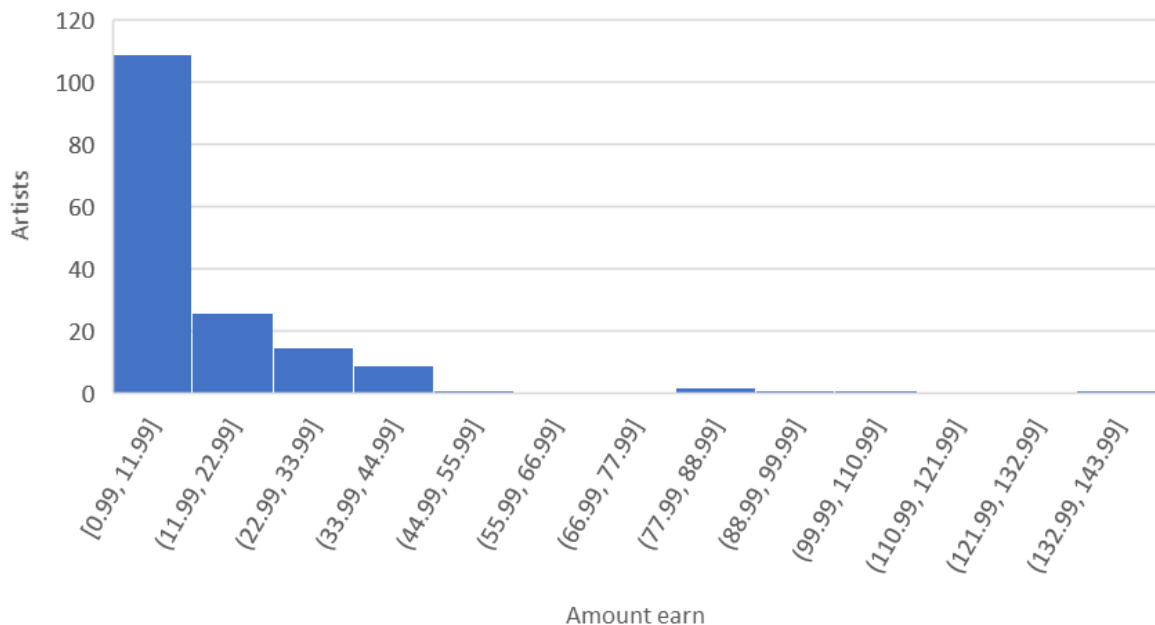

Rock is the genre with more tracks with 1297, which is more than twice the tracks than Latin music (579).

Rock, Latin, Metal, Alternative & Punk and Jazz have more than 100 tracks, compared with Opera music which has only one (1) track in the database.

Amount earned by Artists and top sellers

Amount earn by Artists

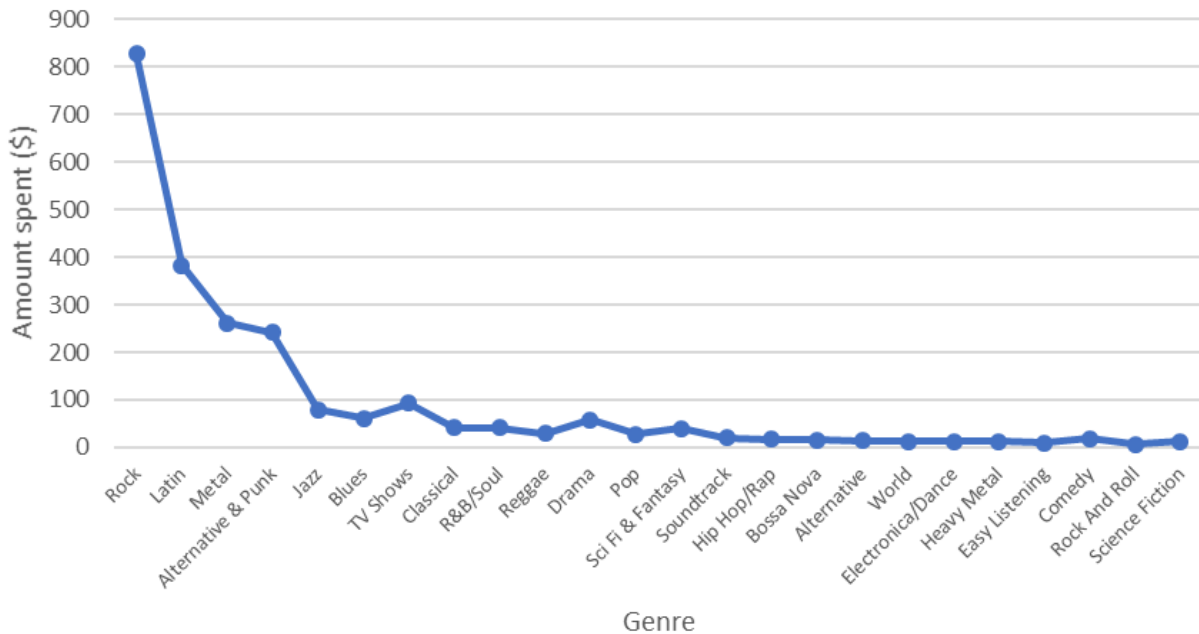

Artist	Sold Songs	Unit Price	Total Sales
Iron Maiden	140	0.99	138.6
U2	107	0.99	105.93
Metallica	91	0.99	90.09
Led Zeppelin	87	0.99	86.13
Lost	41	1.99	81.59

The distribution for the amount earned by artist appear to be right-skewed, with an average of 14.11 dollars. It seems that most of the artists earn less than 12 dollars.

The top 5 artists are shown in the table, with sales more than 50 dollars.

Amount spent by Genre

Amount spent by Genre

Rock, Latin, Metal and Alternative & Punk sold more than 100 dollars, compared to the other genres that are below that amount.

These 4 categories also have the more tracks in the database.

Opera did not sold any songs.

Best customer and his/her purchases

Helena Holy is the customer who spent the most with \$49.62 in purchases.

She bought 10 rock tracks spending \$9.90. She spent almost the same amount buying only 6 Drama tracks.

She spent more money (\$11.94) in TV Shows tracks only buying 6 of this genre.
